

# COLLEGE ASSISTANCE MIGRANT PROGRAM

## ABOUT CAMP

The College Assistance Migrant Program is a federally funded program designed to support students from migrant and seasonal farm worker backgrounds during their first year of college. The program provides students with financial assistance and support services, with the goal of preparing them to continue their education at a four-year college or university.

### Financial Assistance

Students receive a quarterly stipend and assistance submitted through the yearly FAFSA application in addition to the services offered at Eastern Washington University.

### Academic Advising

CAMP staff works with students to ensure they are taking appropriate coursework and attending full time each term.

### Mentoring and Tutoring

Students are assigned a peer mentor as a resource during their experience as a first-time college student. Also, students have EWU resources available to help them with school assignments.

### Conference Participation and Leadership

CAMP students have the opportunity to attend statewide and national conferences to further their leadership, networking and empowerment.

### Parental Involvement

CAMP values families/guardians and involves them in each student's college experience through various events throughout the school year.
