V Adjourn 11:55

Incident Type	Employee Injury / Illness description of Incidents: January to March 2020
Sprain / Strain	PT employee was taking out trahs from the ceramics room. She had propped up the lid against the wall, and was emptying buckets and thought she had seen something go in that she didn't mean to throw out so she was looking into the dumpster when the lid cam down and hit her in the back of her head.
Sprain / Strain	Employee was exiting the building and slipped on the wet floor tile, falling upon her knees and spraining her back.
Cut / Laceration	Student worker was cutting a hole in the box for the chow mein and the cabbage. The knife slide and hit her middle finger on her right hand without me knowing unit it started to bleed. First aid only.
Bruise / Contusion	HVAC people were doing work on top of our freezer and kicked loose a piece of sheet rock in the ceiling that fell down and landed on the employee's head and arm. Went Rockwood Clinic in Cheney WA.
Needle Stick	Student worker was sweeping mopping study closets, saw something on the floor reached to grab it and was poked with a needle. First aid only.
Cut / Laceration	While collecting biohazard waste from Albers Court, employee received a shallow cut on her left index finger. This was the only time that she wasn't wearing gloves. The cut was not deep enough to draw blood.
Repeated Motion	Custodian working this week started to get pain in her right/upper arm area. Her right leg from hip to knee started to feel really tight, swollen, & uncomfortable. Working with repetition of her job seems to inflamed her injury's. She put in a request of EH&S to come over help fit her back vacuum for comfort and less pressure.
Sprain / Strain	Employee working on boilers & chillers, also related equipment. Hurt his shoulder. He used all kinds of hand tools, power tools, overhead, pushing, pulling and lifting.
Eye Injury	Employee was on lunch break, closed her eyes for minute and fell asleep in her chair. She awoke to pain and bleeding at her right eyelid after contacting the corner of the nearby table. Swelling and bruising occurred with a headache. The employee returned to work the following dat, experiencing onset soreness and slight balance issues.
Hazardous Contact / Release	Employee was searching for a odor source when she came upon an abandoned cooler. When it was opened it made her sick from the smell. EH&S notified to dispose of potential mold source.
