(1) Fitness Membership Proposal

(a) 2200-2300 students take classes on campus from term to term

(b) for 10 years students have responded to surveys saying that the #1 need for students is access to fitness for Spokane students

- (c) 800-900 students only take classes in Spokane, which is an understatement
- (d) Cheney is far for Spokane students with other priorities for school
- (e) Brought 3 different options to fitness memberships
 - (i) One proposal is similar to WSU's system
 - 1. Pay \$70, student pays \$30 for up to 500 students
 - (ii) \$100 subsidy for 500 students
 - (iii) First 150 free, after that EWU pays for a certain amount
- (f) Would only provide for the students that are using it
- (g) Only available to students that are taking classes only at Spokane Campus
- (h) Questions:
 - (i) Is there any extra space on the campus that we could use the money towards a room for fitness instead of outreaching to Spokane gyms?
 - (ii) Is the \$500 per term based off of semester or quarter system?
Based off of quarter system
 - (iii) Is it available during the summer? Not looking that that right now
 - (iv) Which would you recommend? The model resembling WSU's structure

(2) Staff Proposal

- (a) Spokane feels distant from Cheney, and while the community and opportunity has increased it is still not where it could be
- (b) Students need experience/opportunities to learn how to be professional and competitive in their fields
- (c) Only 2 people doing the job of many different positions, in need of more staff so they can achieve these goals.
- (d) Need to provide support to students that are new to the Spokane Campus
 - (i) Orientation programs every term to help the new students since students go back and forth between the Cheney and Spokane campus
- (e) According to a recent survey, over 90% students say that these programs would be important/beneficial to them

(f) Questions:

- (i) Are there already orientations in place? Yes, but mainly in Fall for the more Spokane based students
